We, the Board of Selectmen, wish to make the following report to the people of Exeter for the year 1971.

We feel that 1971 was a good year for the Town as we have achieved many accomplishments which have made Exeter a better place in which to live.

We have completed major repairs on Linden Street bridge, we have made several street improvements and we hope this street program will be continued on a yearly basis.

We have made several additions to the sewer system and we hope to be able to make major additions this coming year which would help to correct extremely bad conditions which exist in different areas of the Town at the present time.

Although we completed many major projects in the past year, the tax rate was kept to a modest increase of $2.20 per thousand dollar valuation.

For the first time in several years, the now famous holding pond odor has been kept well under control.

In the coming year, new projects such as the major renovation of the water system and an expansion program for sewer treatment will begin.

We sincerely hope that the people of Exeter will retain their confidence in the Selectmen as their administrators for the Town, always remembering that what we do for the betterment of the Town and you, the people.

Town Manager's Report

To the Board of Selectmen and Citizens of the Town of Exeter:

I would like to express my sincere thanks to the Board of Selectmen, Department Heads, and all other Town employees for their cooperation during the past year.

I feel the major accomplishment during the year 1971 was the passing of the bond issue for the expansion of the Town's water facility, which should become a reality by the Fall of 1973.

We made substantial progress with our road repair program with the reconstruction of part of Front Street, resurfacing of Water Street, Main Street, and part of Epping Road.

The study to expand our waste water treatment facility has been completed and is now in the review process. Hopefully within the next two years Federal and State funds will be available so that we may proceed with this vitally important expansion program.

It has been a distinct pleasure serving as your Town Manager during the past year. In 1972 I am looking forward to team work and harmony among all Town officials. I also look forward to many more years of service to the Town of Exeter.

Respectfully submitted,

PAUL A. KEEFE,
Town Manager.

The Selectmen and Town Manager should be proud of the record they have made and the citizens of the town should appreciate the challenge and hardships the officials go through to produce these figures.

General Comments

Mr. F. LeRoy Junkins retired as Town Treasurer in March, 1971, after serving forty years of excellent service to the town. Mr. Bradley Wetherell was elected the new Treasurer in March, 1971.

During the year several entries of receipts were omitted from the records, mostly because of lack of experience. Your auditor verified and corrected any misclassifications of receipts and expenditures.

Verification notices were sent to all 1971 delinquent tax payers.

The town handled over six million dollars from all kinds of revenues, investments and taxes. All records were in excellent condition and I give my personal thanks to all officials who aided me during the course of the audit.

Respectfully submitted,

HERBERT E. HUNT,
Auditor.

EXETER HIGHWAY DEPARTMENT

I respectfully submit the annual report for the Town of Exeter's Highway Department. During the year 1971, there was a total of 33 storms with a total accumulation of approximately 103 inches of snow.

Summer maintenance consisted of spring clean up, cold patching pot holes, catch basins and manhole repairs. Also trimming and grooming of roadsides and sweeping of streets.

Along with the usual summer maintenance, Front Street, Water Street, Main Street and Epping Road were paved by Bell & Flynn Company with the Highway Crews raising manholes and catch basins.

Fall clean up was cut short by a snowstorm on Thanksgiving Day.

Respectfully submitted,

ROBERT STROUT,
Supt. of Highway.

EXETER SEWER DEPARTMENT

I respectfully submit the annual report for the Town of Exeter's Sewer Department.

Enlargement of the Sewer Department was made possible by a federal grant. A second truck was purchased.

Bucket machines were operated cleaning sand, roots, and other debris from partially clogged sewer lines. While engaged in this program several buried manholes were discovered and put in serviceable condition.

Penetryn System, Inc. viewed with television camera and sealed a few troublesome areas against future root growth. Penetryn's cobra water pressure cleaning method cleaned about two miles of 8,210 inch sewer lines.

Carlton Maintenance vacuum cleaned 750 storm water catch basins.

A 993 foot sewer extension was constructed on Kingston Road while a 795 foot extension sewered Stoneybrook Lane.

An odor abatement program was instituted at the holding pond.

Necessary pump rebuilding was accomplished to keep five pumping stations in 24 hour service.

Our main pumping station showed an increase of 23.8% over last year, pumping 445,815 gallons of domestic sewage to the four pond lagoon site where distribution and chemical treatment aided natural oxidation.

Respectfully submitted,

NELSON D. BELANGER,
Superintendent,
Exeter Sewer Department.

Exeter Veterans Council

The Veterans Council for the Town of Exeter supervised the two parades held in Exeter during 1971.

The Memorial Day speaker was Past Dept. Commander John Cook of the American Legion. Parade marshal was Philip Desmond, M/Sgt. U.S. Army retired, and Adjutant of Fuller Covey Post, V.F.W. 2181. Lt. Col. Thomas Cronshaw was officer of the day and the chaplain was Rev. Mr. Continelli of the Methodist Church.

The Veteran's Day speaker was Congressman Louis Wyman. Parade marshal was Albert Phillips, M/Sgt. U.S.A.F. retired, commander of Fuller Covey V.F.W. Post 2181 and service officer of Pingree-Moss-Chatigny Post 32, American Legion. Lt. Col. Thomas Cronshaw was officer of the day and Rev. Mr. Calcagni of the First Congregational Church was chaplain. A special D.A.V. observance speech was rendered by Mr. Peter Ritchie, D.A.V. Dept. Commander. Music was provided by the 18th Army Band from Fort Devens, under the direction of CWO Wilcox; Exeter High School Band and the Exeter and Epping Gladiators.

On November 11 at 7 p.m. the Exeter Brass Band will give a concert featuring the songs of World War I. This concert will be held in the bandstand and will be funded by the veterans organizations of Exeter. This is their way of paying honor to these veterans on their day.

On November 14 at 2 p.m. dedication of the Vietnam monument will be held at the Exeter Cemetery.

At this time we would like to submit our request for $600 to the town for the coming year and also a request

for $125 to pay for the engraving of the names on the Vietnam monument.

The Exeter Veterans Council wishes to thank the townspeople for their past support and requests their continued support for the observance of Memorial Day and Veteran's Day.

Respectfully rendered,

LINNIUS J. VANCE,
President of the Council.

Exeter Area Visiting Nurse Association

1971 has been a year of expansion and growth for the Exeter Area Visiting Nurse Association. At present, there are three full-time and four part-time registered nurses, one physical therapist and one secretary-bookkeeper.

A total of 4,591 nursing visits and 1,264 physical therapy visits were made in the ten towns covered by the service — 3,044 visits were made in Exeter.

The Agency provides the services of a Home Health Coordinator to the Exeter Hospital on a part-time basis, thus ensuring the continuity of care for patients requiring extended care when discharged from the hospital to their home.

A new Well Child Conference has been initiated and will be held monthly to provide immunizations and physicals to infants and pre-school children of eligible families.

The Exeter Area VNA is a service interested and involved in the prevention as well as the treatment of disease.

More information may be obtained by calling your local representative(s), or the Visiting Nurse Association office at 21 Prospect Avenue, Exeter, N.H., phone 772-2981.

Public Library Report

It's been a year of progress, change and disappointment at the library this year — disappointment as the vision of a new library grows dimmer and dimmer. Even an addition would help, and that's not very likely either. Still, it's good in itself that we've grown enough to need more room. We needed more staff, too, so now there are assistant librarians in the adult and children's sections — Mrs. Pamela Schwotzer and Miss Susan Chisholm. Miss Melinda Landry is working as a page.

There have been lots of innovations and renovations this year. There is now an automatic chargeout machine at the desk and patrons carry their own cards, eliminating garguantuan filing problems at the desk and long impatient lines waiting to get their books stamped out. There is fresh paint, new carpeting, and new fluorescent lighting so you can see the other two as well as the titles of books on the shelves. The record collection has grown (though not nearly enough) and we now have a very successful circulating print collection.

Among our less tangible assets are a newly formed Friends of the Library group, who come in to type, paste, file and generally help out as needed, and a Thursday morning preschool story hour. A Saturday morning school-age story and/or film hour is being mulled over; again the problem is space. The space problem was helped a bit by a giant and utterly ruthless discarding session which is still going on. The old books were sold at a book sale and open house, sponsored by the Friends of the Library.

We have had problems. One is that now the school libraries have come into their own, the circulation in the children's room is down. This is not in itself bad — I'm all for school libraries — but it involves a rethinking of strategy, with an emphasis on preschool and fiction. A far bigger problem is directly involved with the state tax situation. Some Exonians have already gotten a state

library card; to get one, all you do is go to your library and ask. It's free, and lets you go to any public library in the state. Now this is a very good thing for library users. You no longer have to pay a fee — up to $8 a year at some libraries — for out of town privileges. You can go to another library if the library you are using doesn't have what you want. You can go to UNH if you need special or technical material. Like the California school property tax law, it tries to equalize service — so that just because you live in East Overshoe, which has a library with 25 books and is open Thursday afternoons, you can still get good library service. Very good; but it's not quite so good for the libraries. Here at Exeter we lose the out of town registration fees — it would have been $509 last year — and because we are, frankly, one of the best libraries around here, people from the surrounding area have been pouring in with their state library cards. Anticipating something like this the state agreed to pay grants-in-aid to small libraries when they started the state card system. Exeter was supposed to get $2,000. But, as you know, all state departments were supposed to cut back and this is where the state library cut back. So Exeter has increased registration and circulation and loses $2,000.

Still, it's been a good year for the library. I would like to thank the staff, who have worked hard; the trustees, who have worked harder; the Friends of the Library (and I think anybody who uses the library is really a Friend) and all the people of Exeter, who are after all what the library is all about.

Respectfully submitted,

PAMELA GJETTUM,
Director.

Department of Recreation

As the new Director of Recreation and Parks for the Town of Exeter, I respectfully submit the following report for 1971.

In my few months here, I have been impressed by the fine support this department has received from the Town Manager, the Board of Selectmen, the Recreation Board and the Citizens of the Town of Exeter.

My goal is to provide Recreation for all ages, making many types of programs available to anyone who would like to participate. Without the numerous volunteers who assist in all age groups, many of our programs could not materialize. Also, the fine cooperation of the Exeter School District enables our department to operate many programs at a minimal cost.

Plans are now being formulated for the expansion of Gilman Park to a degree where the entire community will have a chance to enjoy the park to its fullest potential. We are also going forward with plans to make Park Street Common an area of which the community can be proud.

I am pleased to see that our Senior Citizens group have increased their activities, with many new ideas planned for the months to come.

The following is a list of some of the programs that we offer.

Boys' Biddy League Basketball
Girls' Biddy League Basketball
Girls' Cheerleading
Men's Basketball
Youth Hockey
Women's Dance-Exercise Class
Physical Fitness

Creative Dramatics
Youth Bowling
Competition Swim Team
Senior Citizens Club
Annual Skate and Ski Sale
Youth Arts and Crafts
Vacation Programs
Eight Week Summer Playground Program
Youth Trips (Skiing, Hockey Games, Basketball Games)
Baseball
Men's Softball
Girls' Softball
Drop In Center for all ages
The Exeter Minstrels
The Exeter Players
Duplicate Bridge Club
Girl Scout Troops
TOPS
Unemployment
Clothing Exchange
Rockingham County Neighborhood Youth Corps

I have tried not to delete any programs from previous years, but have implemented some of my ideas and, also, many of yours. The department will endeavor always to have an open mind for new ideas from anyone in the community.

I look forward to making 1972 and the years to come happy and enjoyable ones for all Exeter residents by providing them with the finest possible recreational opportunities.

Yours in Recreation,

DOUGLAS E. DICEY,
Director of Recreation and Parks.

Report of Conservation Commission

In 1971 the Conservation Commission planted 100 red maples and sycamores along town streets. Mr. John Tucker supervised highway employees in planting and staking the trees. Arrangements have been made with Mr. Charles Knibbs to trim and fertilize the trees the second through the fifth years after their planting. The Commission would like to thank townspeople who have watered and cared for trees set out near their homes. The Commission welcomes requests and information on areas and specific site locations within the town where new trees should be planted in 1972. Please contact Mr. Roger Sloan, Commission member, in charge of our tree planting project.

The Commission's tree nursery, located on town owned land between the lagoons and the railroad track, now contains some 560 trees in varying stages of growth and maturity. Included are red oak, white oak, red maple, sycamore, white birth, white spruce, gum and ash. Technical advice for the operation of the nursery has been ably provided by the Department of Agriculture at the University of New Hampshire. Fifty trees from the nursery will be among the 200 trees to be planted along town streets in the spring of 1972.

The Commission is working closely with the Exeter school system to provide education materials in the field of ecology and conservation. The Exeter AREA Junior High School has an active Ecology Club of 100 members. The club has given talks and demonstrations on conservation to elementary school children and will host a statewide ecology convention of junior high school students this spring. The Conservation Commission has given $100 to the Ecology Club to assist it in hosting the convention which is the first to be held in the state.

Conservation Commissions are empowered to accept gifts of land in the name of the town with the approval of the selectmen. In 1971 two generous gifts of land were received. Mrs. Herman Smith deeded four acres of salt marsh to the Commission which plans to keep it in its natural state for wildlife. Mr. and Mrs. Warren Henderson gave 150 acres of very scenic woodland. This tract of land is being managed as a multi-use wildlife sanctuary, educational laboratory for school children and the general public and for limited recreational use. The deed specifies that the woodland will be used primarily for the preservation of wildlife. Hunting and snowmobiling are prohibited. The area has been named the Henderson-Swasey Park and a dedication will be held as soon as there has been sufficient progress in the park development. To date, an access road has been built adjacent to the gas transmission pipeline. This road ends a short distance from "Fort Rock." Under the supervision of an engaged forester, a forestry demonstration area has been created and some small areas clear cut to promote the increase in wildlife. Plans are underway to make nature trails for recreational and educational use. A survey of the exact boundaries of the tract is nearly completed.

The Commission welcomes gifts of land that can be kept open for scenic or green belt purposes in their natural state. It would also consider, with selectmen approval, the purchase of land so as to enlarge the green belt area within the town.

Report of the Planning Board

The Planning Board members are appointed by the Selectmen for five-year terms. We donate our time at our bi-monthly meetings and public hearings.

The duties of the Planning Board are to make investigations, maps, reports, and recommendations relating to the planning and development of the Town.

Your Planning Board Chairman attended a six- week training program on subdivision rules and regulations in November and December.

In April of 1971 we completed our subdivision regulations. This has given us the tools to work with concerning land development. During the year we have devoted a considerable amount of time reviewing plans and becoming more familiar with our regulations. We have seen several sections of our regulations which need to be rewritten. Any changes will require public hearings and you will be notified by announcement in a local newspaper.

We are presenting several articles on the warrant at this year's Town Meeting which include the following:

1. National Building Codes
2. Change of Industrial Land
3. Criteria for Apartments in Commercial Zone
4. RSA 36:19A approval of Commercial Developments

We feel that these articles will improve the existing ordinance and is another step in helping to protect all of us against uncontrolled growth.

This past year has also brought to us the resources of the Regional Planning Office. Its director, Charles

Tucker, is an Exeter resident and has his office in our Town Office Building. The Planning Board has utilized his services several times during the year with complete satisfaction.

Exeter is in the middle of a continual population growth and we need the efforts of all Town Departments to assist in the planned and controlled expansion of the Town.

Respectfully submitted,

WESLEY THOMAS,
Chairman.

Report of Historic District Commission

The main fuction of the Commission during this past year, 1971, has been to: 1) establish a purpose, policy and procedure and to present them for approval at a town meeting; 2) establish an historic district and to present this for the voters' approval at the town meeting; 3) prepare a form for application for alteration for the use of owners of property in an historic district.

The first two items were accomplished at the special town meeting held June 10, 1971. The necessary public hearings were held in May; the Chairman, Mr. Holloway, and the secretary, Mrs. Merrill, were guests of WKXR's Coffee Chat program and were able at this time to summarize questions that had been asked at the public hearings. The special town meeting did vote to establish the following historic district:

> At a point beginning at the centerline of Spring Street at the junction of Front Street, thence running northerly along said Spring Street to a point at the centerline of Water Street at the junction of Spring and Water Streets, thence turning and running in a southerly direction along said Water Street to a point at the junction of Water and Front Streets, thence turning and running southerly to a point at the junction of Lincoln and Front Streets. This district shall include all properties on both sides of Front Street to the property line or 200 feet from the curb line, whichever comes first. Also included in this district is Gale Park and the Richard Kent House. The historic district shall include lands within the bounds as set forth by these boundaries.

An application for alteration form was adopted at our October meeting. These forms are available from the Secretary of the Commission or the Town Clerk.

A group of citizens, who live around the Park Street Common, have asked the Commission for its help in presenting to the voters a proposal for a second historic district which would include their neighborhood.

We have written the Selectmen indicating our interest in the appointment of a Town Committee for the forthcoming Bicentennial Celebration and have suggested a capital reserve fund of $2,500 each year for 1972 through 1976.

Our plans for this coming year also include preparing a pamphlet describing the historic district. This pamphlet might also include a list of historical markers in the town.

At the October meeting a new slate of officers were elected for the coming year. They are as follows: Chairman, Nancy C. Merrill; vice chairman, Wesley L. Thomas; secretary, Sumner S. Holbrook; last spring John Gilmore replaced Norman Morrissette as Selectman representative; Wesley Thomas remains the Planning Board representative.

Respectfully submitted,

NANCY C. MERRILL, *Chairman,*
WESLEY L. THOMAS, *Vice-Chairman,*
SUMNER S. HOLBROOK, *Secretary,*

Report of the Housing Authority

To the Honorable Board of Selectmen and
Town Manager Paul A. Keefe
Town Office Building
Exeter, New Hampshire 03833

This report is submitted to reflect the activities of the Housing Authority of the Town of Exeter, New Hampshire, for the calendar year ending December 31, 1971.

In an effort to provide subsidized housing for the elderly, 100 privately owned units have been leased from local landlords and rented to elderly persons. This program is unique in that the property stays on the tax rolls and the private owner pays full real estate taxes.

We should like to stress the great increase in interest and applications on the part of the elderly and the constant growth of this office. We propose to continue this effort to provide much needed housing for this segment of the citizenry of Exeter. We feel also there is a great need for housing among low income families and we hope to provide housing for these families in the future.

Respectfully submitted,

HENRY SHEPARD, *Chairman*,
Housing Authority of the Town of Exeter.

ROBERT CURRAN,
FRANCES MOONEY,
KATHARINE M. DAY,
STEPHEN D. WHEELER,
Commissioners.

Report of Zoning Board of Adjustment

The Exeter Zoning Board of Adjustment respectfully submits the following report of its activities for the year 1971.

There were 23 applications for variances submitted to the Board during 1971 and their disposition was as follows:

1. 14 Variances were granted
2. 5 Variances were denied
3. 4 Applications were withdrawn prior to hearing

The Board of Adjustment meets regularly on the first Monday of each month in the Nowak Room of the Town Office Building. The meetings are for the purpose of holding public hearings concerning variance requests, receiving applications for variances, and to handle any other business necessary for the proper function of the Board.

Public hearings for variances are also scheduled between regular meeting nights when the need arises and the petitioner so requests. Advance notice of at least 14 days is required when requesting a variance hearing so that the proper public notice may be made in conformance with State Statutes regulating zoning.

The following is a list of the members of the Board and their term of office:

Richard L. Dunnell (Clerk)	6-2-67 to 6-2-72

Johnston L. McLeod	6-2-69 to 6-2-74
David Carbonneau (Vice-Chairman)	6-2-71 to 6-2-76

Respectfully submitted,

ALBERT E. FIELD,
Chairman.

Swasey Parkway

The devotion of Oscar Pearson in caring for our parkway is evident. It is our opinion that the grounds have been maintained in excellent condition.

The elm disease has taken many of the elm trees over the past few years and a protective spray program is being used to help protect the remaining ones. Some replanting will be undertaken this year to fill in some of the bare areas.

A program of fence painting has been continued in an effort to preserve the chain link fencing.

As the result of an automobile accident, eleven stone posts were replaced and two other ones were reset. It was also necessary to replace some of the steel pipe.

The routine operations of fertilizing, mowing, picking up, raking, pruning, painting, etc., are continuous chores that pay dividends by providing a place of beauty for all to enjoy.

Trustees: ROBERT ELLISON,
HENRY K. RAYBOLD,
HENRY SHEPARD.
